

“Love Muffin” Valentine Wreath

Crafter level: Easy
Time needed: 2 hours

What you'll need

- Styrofoam wreath form
- Pink crepe paper streamer roll
- About 20 pkgs. muffin paper liners in reds, pinks and whites
- 2 pkgs. mini-muffin paper liners (for pom-poms)
- $\frac{2}{3}$ yd. ribbon
- 1 pkg. large-head straight pins
- White glue
- Tape (optional)

How to make it

1. Wrap the Styrofoam wreath form with pink crepe paper streamer and glue or tape to secure.
2. Now take 3 to 4 muffin paper liners of various colors and gently gather them together to form a ruffle. Insert a pin into the center of the ruffle so the point sticks out of the bottom.
3. Pin the ruffle to the wreath form by inserting the point of the pin into the top of the Styrofoam. Use dab of glue on the pinpoint before inserting it to help keep it secure (optional).
4. Continue making ruffles and attaching the ruffles to the wreath form with pins until the wreath is completely covered.
5. To make the pom-poms, cut your ribbon in half and attach one end of each piece to the backside of the wreath at the bottom.
6. Then, stack about 20 of the mini-muffin layers together, using a dot of glue between each layer to secure. Make 2.
7. Tape or glue each pom-pom to the bottom end of each ribbon.
